

## COUNTY JUDGE AND MAYORS ISSUE CALL TO SHOVELS

EVERY ABLE BODIED MAN IN THE COUNTY ASKED TO LEND A HAND IN IMPROVING THE HIGHWAYS ON FRIDAY, SEPTEMBER 3RD--FOUR ROADS WILL BE WORKED ON THAT DAY.

The Commissioners charged with determining the route of the Dixie Bee Line Highway will on Sept. 13, 1915, inspect the proposed routes through Hopkins County. The Committee on Ways and Means for Hopkins County has designated Friday Sept. 3, 1915, as "Dixie Bee Line Highway" Day, and has called upon the citizens of Hopkins County to devote that day to the improvement of the highways.

Having been urged by numerous citizens to do so, and being assured of the co-operation of all concerned, and believing this to be a practical method of improving our highways and of material help in securing for Hopkins county the incalculable advantages of this highway, now therefore we, the undersigned, the Judge of the county court in and for said county, the Mayor of Madisonville, the Mayor of Earlinton, the Mayor of Hanson, and the Mayor of Nebo, now do hereby request and urge every able-bodied man residing within the county, to assist from his usual vocation on that day and to report at 6 o'clock, a. m. Friday, Sept. 3, 1915, with the necessary teams and tools, for the purpose of doing a good, honest day's work on the above mentioned highways.

The Earlinton road will be worked from the city limits of Madisonville to the Nebo road. The citizens of Madisonville living in Elk precinct will be assigned to the Nebo road. The citizens of Madisonville living in the Court House precinct will be assigned to the Greenville road, and the citizens of Madisonville living in the Kitchen precinct will be assigned to the Earlinton road. All citizens of Hopkins County living outside the city limits of Madisonville should report to the Engineer having in charge the road nearest to their respective places of residence.

The citizens of Madisonville living in Mill precinct will be assigned to the Nebo road. The citizens of Madisonville living in Elk precinct will be assigned to the Nebo road. The citizens of Madisonville living in the Court House precinct will be assigned to the Greenville road, and the citizens of Madisonville living in the Kitchen precinct will be assigned to the Earlinton road. All citizens of Hopkins County living outside the city limits of Madisonville should report to the Engineer having in charge the road nearest to their respective places of residence.

It is further suggested that the above date be made a holiday so far as the same may apply to the usual vocations of the people, and every business closed, so far as possible, and the employers of labor within the county release their employes from duty on that date, in order that every citizen, both white and colored, may have opportunity to contribute a day's work to the great improvement of our roads, and to demonstrate the value of co-operation for the public good.

Will T. Mills, Judge Hopkins Co. Court; D. W. Gatlin, Mayor Madisonville; W. E. Rash, Mayor Earlinton; J. H. Bowles, Mayor Hanson; A. M. Barnett, Mayor Nebo.

## ROAD WORKING DAY WILL BE OBSERVED

BUSINESS MEN, FARMERS AND OTHERS WILL JOIN IN IMPROVING HIGHWAYS.

In compliance with the request of the Ways and Means Committee of the Hopkins County Dixie Bee Line Association and with the proclamation of the Mayors of Madisonville, Earlinton, Nebo and Hanson and the County Judge, published elsewhere in this issue, Friday, September 3, has been set aside as Road Working Day in Hopkins county.

All citizens will report for duty on the following routes:  
Hanson to Madisonville.  
Earlinton to Madisonville.  
Nebo to Madisonville.  
Pond River to Madisonville. (The Greenville Road).

**GREENVILLE ROAD.**  
The Greenville road will be under the direction of I. B. Earle and Otho Fowler as superintendent. For convenience it is divided into three sections.

Section 1.—Madisonville to Fugate's Store will be in charge of Nick Toombs.

Section 2.—Fugate's Store to E. R. Cavanaugh's will be in charge of R. V. Fugate.

Section 3.—E. R. Cavanaugh's to Pond river will be in charge of E. R. Cavanaugh.

All citizens who live in the Court House precinct within the city limits of Madisonville will report for duty to Nick Toombs at city limits on

Greenville road at 6 a. m. Friday, September 3. All citizens living outside the city limits of Madisonville and nearer the Greenville road than to any of the other three of the proposed routes will report for duty at the same time to either of the three sections of the Greenville road which lies nearest.

Each section of the Greenville road will begin and work eastward except the third section which will begin at Pond River and work toward Madisonville.

Let every man do his duty.  
I. B. Earle, Engineer in charge; Otho Fowler, superintendent; Nick Toombs, first section; R. V. Fugate, second section; E. R. Cavanaugh, third section.

**EARLINGTON ROAD.**  
The Earlinton road will be under the direction of R. E. Whiffler as Engineer and Frank Cardwell and Charlie Barnett as superintendents. For convenience it will be divided into two sections.

The Madisonville section will be in charge of Frank Cardwell. The Earlinton section will be in charge of Charlie Barnett.

All citizens who live in the Kitchen precinct within the city limits of Madisonville will report for duty to Frank Cardwell at the city limits of Madisonville on the Earlinton road at 6 a. m. Friday, Sept. 3. All citizens living outside the city limits of Madisonville and nearer to the Earlinton road than to either of the other proposed routes will report for duty at same time to either Frank Cardwell as above or to Charlie Barnett at top of Nisbet Hill on Earlinton road.

R. E. Whiffler, Engineer in charge; Frank Cardwell, superintendent; Charlie Barnett, superintendent.

## LARGE COALING PLANT FOR HONOLULU

Honolulu, T. H.—A contract for a 165,000-ton coaling plant for vessels has been closed. The plant, which will be the second largest in the Pacific, is to be constructed on Honolulu harbor and will cost \$1,000,000.

## STANLEY AND KINCHELOE WILL MAKE ADDRESSES

At Henderson September 8th  
Dedicating West Kentucky Fair—Derby Day

Henderson, Ky., Aug. 31.—The West Kentucky Agricultural Fair will be formally dedicated on Wednesday, Sept. 8, by the next Governor of Kentucky, Augustus Owsley Stanley, and Dave H. Kincheloe, the Congressman-elect from the Second district.

The Henderson Fair has been re-organized with 362 stockholders, made up of the most representative men in Henderson, Webster and Union counties, for the purpose of promoting the Agricultural and stock-breeding interests of Western Kentucky.

Wednesday is also Derby Day, the racing event being the West Kentucky Derby, one and an eighth mile. The Plan of the Henderson people is to put the big pot in the little one that day, and throw open the gates of the big Fair with a whirl. A big automobile parade is planned and other features out of the ordinary. The outlook is for a record-breaking crowd on Stanley-Kincheloe-Derby Day.

## RUPTURE EXPERT HERE

Seeley, who Fitted Czar of Russia Called to Madisonville

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will be at the Madison Hotel and will remain in Madisonville Thursday only Sept. 2nd. Mr. Seeley says: "The Spermatic Shield as now used and approved by the United States Government will not only retain any case of rupture perfectly, affording immediate and complete relief, but closes the opening in 10 days on the average case. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. All charity cases without charge, or if any interested call he will be glad to show same without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

## VISITING MINISTER TO PREACH HERE

Earlington Divine Will Fill Pulpit at First Christian Church Next Sunday Morning

Rev. Howard J. Braselton, minister of the Christian church at Earlinton, Ky., who with his family is visiting his wife's parents, Mr. and Mrs. W. N. Talbott on Boone Ave., will preach at the First Christian church next Sunday morning, August 30, in the absence of Rev. J. H. MacNeill, the regular minister.

Mr. Braselton is well known and held in high esteem by the people of Winchester, and being a preacher of marked ability, it is expected that a large number of people will attend the services.—The Winchester Sun.

## Earlington Juniors Win

The Earlinton Juniors defeated Crofton Sunday, playing a double-header and winning both games. The first game 15 to 5, the second 5 to 4. The boys all played a good game but several errors were made. Carpenter did the twirling the first game and Wyatt for the second. This is 21 games the boys have played, and have won 14 of them. These boys want to play 30 games this year and I believe we can get the remaining 9 before the season closes. The 2nd game was 4 to 1 in Crofton's favor until the fourth inning. The Jr's brought in 4 score which made the game 5 to 4 in the windup. O'Connor, Carpenter, Nance, DeVilder, Wyatt, Shean, Barnard, Nourse and Stokes are the ones that played the game.

## Aged Citizen Dead

John Franklin, a well known citizen, died at his home on Railroad street Saturday afternoon after a short illness.

Mr. Franklin had been in ill health for some time past, and suffered from a paralytic stroke a week ago, which ended in his death. He was 87 years of age and leaves two children, Mrs. W. B. Vinson, of this city, with whom he made his home, and Mrs. D. W. Vinson, of Graham, Ky. He was a member of the Baptist church, and a good religious man. The remains were entered at the Flat Creek cemetery in the presence of a large number of sorrowing relatives and friends.

For earache, toothache, pains, burns, scalds, sore throat, try Dr. Thomas' Eucalypti Oil, a splendid remedy for emergencies.

## The LAW of THE ROAD

"When a vehicle is overtaken by another vehicle, the driver of which desires to pass the other, the driver on the former, on being informed of such desire, shall bear to the right, and the driver of the latter to the left, until the latter shall have passed. Any driver failing to do so shall be fined ten (\$10) dollars."—(Section 61, State Road Law.

This section of the road law may be invoked against drivers who imagine that making way for the driver of the faster vehicle is a matter of courtesy and that those who have no inclination toward courtesy need not be courteous.

There are many drivers of horse drawn vehicles, especially drivers of utility wagons, heavy and light, who decline to respond to the signals of automobilists who would pass them when they overtake them. It often is dangerous for an automobilist to try to drive around a vehicle which stubbornly holds the middle of the road in defiance of signals. Many accidents are caused by such attempts.

Drivers of automobiles whose signals are defied by drivers who prefer not to inconvenience themselves by "bearing to the right" to allow the faster vehicle to pass should ascertain the names of offenders and have them prosecuted for violation of the road law. Such lawlessness is quite common upon all roads. In the interest of safety and of comfort, it should be suppressed rigidly. One fine of \$10 assessed against a lawless driver would stimulate the interest of others in his community in the requirements of the road law.—Courier-Journal.

## Well Known Citizen Killed

Was Walking Down Track in Railroad Yard When Empty Gon Ran Over Him.

Manson Logan, a well known citizen of this place, met death in an unexpected manner yesterday morning. He was going thru the railroad yards when an empty coal car that was being dropped down the track to be loaded ran over him killing him instantly. Mr. Logan has been hard of hearing for several years and his untimely death was doubtless caused by his ineffective hearing. Mr. Logan was a man of family leaving a wife and five children, he was a member of the Methodist church and was a good christian man whom the community will greatly miss. He was a man of general impulses and took a delight in kind neighborly offices. He bore adversity bravely and was a loving husband, a tender father and sincere friend. The entire community sympathize deeply with the afflicted family.

## In the Cave's Treasury

Mammoth Cave is truly named. It is also wonderful, marvelous. Even the use of superlatives gives only a faint idea of its grandeur and its beauty. Stalactites and stalagmites—words so hard to remember when first learned in geographies—take on the fluted columns, of festoons and draperies, of ceiling decorations that would be the despair of a stucco worker. There are great auditoriums with lofty ceilings—one where the formation resembles a starlight sky—domes hundreds of feet high, the sides formed of tier after tier of fluted columns, balanced and hanging rocks—huge piles of rocks that seemingly have been swirled round by underground waters until they have worn great caverns; mighty crevices or clefts as if made by earthquakes; barren underground streams and a river, the Echo, fifteen to forty feet wide, on which a good-sized flatboat transports tourists for a distance of half a mile so that they may also enjoy the wonderful echoes. Here the slightest noise is intensified a thousand times, and certain tones sounded by the guides resemble the deep, rich notes of a pipe organ.

## STORY TELLING NIGHT

At K. P. Meeting Proves Enjoyable Feature—Debate Next Monday

Last evening was story telling night at the K. P. Lodge room. Every member told one or more funny anecdotes, amusing personal experiences especially being the order of the day. Many funny things were told, and all present enjoyed the occasion greatly. All members who failed to be present missed quite a treat. The special entertainment feature each Monday evening is a unique idea and is infusing new life into the Order here and increasing the attendance. Next Monday evening the subject for debate will be, "Resolved, That Corn is More Valuable Than Tobacco." Affirmative, W. L. Phillips and Kirby O'Bannon. Negative, J. H. Fish and Ralph Dudley. The Lodge in the near future will stage an amusement feature that will be the funniest thing ever seen on the local boards.

## FOUND DEAD

A man by the name of Beard was discovered dead in Madisonville near the track where Robinson's Show was unloaded Tuesday morning about 3 o'clock. He was seen in the restaurant near the depot about midnight and it is understood he was requested to leave the restaurant on account of bad conduct. The next seen of him was when he was found dead.

## RAILROAD PROSPERITY PREDICTED

Former President Taft Says the Roads Are Not Getting a Square Deal

San Francisco—Ex-President Taft, in an address before the Commercial Club Friday, said that the railroads of this country were not getting a square deal, but that the pendulum was surely swinging the other way, and that they must be made prosperous.

## Frank P. Walsh Roundly Scored

Denver, Colo., August 30.—Gov. Carlson has issued a statement charging that Frank P. Walsh, chairman of the Federal Commission on Industrial Relations, spread "mendacious statements" regarding the political and industrial conditions in Colorado.

"Mr. Walsh, with vicious and subtle cunning, is imputing the domination of Rockefeller to an overwhelming majority of Colorado's citizens," says the Governor's statement. "With the sophistry of the mountebank and the prestige of Federal authority, he slyly seeks to transfer to our people the prejudice of the nation against this man of wealth. After a series of million-dollar opera bouffe hearings, he would convey to the nation the idea that the majority of our citizens who in the last election registered their protest against violence in labor disputes, had no knowledge of the facts or were corruptly informed."

After declaring the people of the State, at the 1914 election, deliberately decided against strike violence, the Governor continues:

"By nature a mountebank and a sensationalist, he (Walsh) did not tell the truth, because the truth concerning Colorado is not wanted by the yellow press of the nation and their anarchistic elements whom he represents."

## MOTHERHOOD.

A robust, manly son and a cooling baby-girl nestling in her bosom—what more can any woman ask? It is a boon that Heaven intended should be granted to every woman. Thousands fail of this because they have neglected to look after their health in a womanly way. The health of a woman's babies is dependent upon her own health. The prospective mother cannot be too particular about her physical condition. If she suffers from local weakness, nervousness or loss of vigor and virility, her children will be weak, puny and sickly. Dr. Pierce's Favorite Prescription is the right remedy for weakness and disease of the delicate and important organs. It makes these organs strong, healthy. It makes the mother strong and cheerful. It is the invention of an eminent and skillful specialist.

Prepared from nature's roots and herbs, it contains no alcohol nor narcotics, nor any harmful ingredient. Medicine dealers everywhere have it on hand in either tablet or liquid form at all times. If you want a specialist in women's diseases to diagnose your case absolutely free of charge, write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., to-day.

FREE.—Dr. Pierce's Medical Adviser, cloth-bound, sent free on receipt of three cents (or stamps) to pay expense of mailing only. Dr. Pierce, Invalids' Hotel, 260 Main Street, Buffalo, N. Y.

## DETECTIVE AGENCY HAMPERED GUARD

Denver, Col., Aug. 30.—A committee of officers of the Colorado National Guard appointed by Gov. Carlson to investigate matters pertaining to the state troops took possession of correspondence of a detective agency under authority the committee claim, through the governor's appointment. Later the committee announced that among the papers seized were letters indicating that the detective agency had been employed by the United Mine Workers of America to hinder in all possible ways the work of reorganizing the state guard.

The letters disclosed, it was stated, that detectives were sent out to various places in the state where efforts were being made to enlist men in the militia, under instructions to hamper the efforts.

## MORE OFFICERS FOR ARMY AND NAVY

Washington, Aug. 30.—Secretary Garrison has directed the war college to submit plans for securing additional regular army officers and a corps of reserve officers both for the regular army and for a volunteer army or any other force which congress may authorize. This step was taken with a view of recommendations to congress at its coming session.

Secretary Daniels is also expected to recommend additional officers for the navy regardless of the building program, yet to be decided upon. A plan is under consideration, it is understood, by which the number of officers in the navy would be placed on the basis of its tonnage. Under such a system there would be an automatic increase in the number of officers as the number of ships was increased.

## U. S. Ships on The High Seas

The United States has been trying for a quarter of a century to introduce American ships into our foreign commerce. When former Senator Hanna of Ohio, proposed a ship subsidy, the country responded with a cry of alarm lest Wall Street or some one connected with it, might steal a few pints of the salty ocean. Perhaps it was are collection of these events that caused President Wilson to suggest government owned ships. Two hundred and eighty-two boards of trade and commercial organizations of the country have been polled, and eighty per cent of the votes cast are opposed to government owned ships. In one of the ballots 554 votes favored government subsidy, while 188 were against. In another instance 713 votes were cast favorable to establishing freight and mail lines to foreign countries, and there were 42 votes against. This proposition contemplates commerce under the American flag. As Senator Hanna's proposition cannot be revived under a Democratic administration, since the party is on record against it; and inasmuch as President Wilson's scheme has been tomahawked by his own party in Congress, the proposition for American shipping appears to be in a bad way.

### West Kentucky Fair

Henderson Sept. 7-11

The Henderson Fair has been reorganized with 362 stockholders representing the best farmers and business men in Henderson, Union and Webster counties. It will hereafter be known as the West Kentucky Agricultural Fair, and has for its purpose the encouragement of the agricultural and stock breeding interests of Western Kentucky in the same general way the State Fair serves the entire state.

Something like \$5,000 will be expended on the grounds for new buildings and pavilions. The premium list is very comprehensive and liberal in all departments. There will be plenty of attraction for all kinds of people, but the agricultural idea will be the predominant feature of the Fair.

The officers are A. G. Crutchfield, president; S. A. Sawyer, 1st vice president; O. F. Kleiderer, 2nd. vice president; C. C. Givens secretary; S. A. Banks, treasurer. The date this year is September 7, 8, 9, 10, 11.

The indications point to record breaking attendance and splendid displays in the various departments.

## Paxtine

A Soluble Antiseptic Powder to be dissolved in water as needed  
For Douches

In the local treatment of woman's ills, such as leucorrhoea and inflammation, hot douches of Paxtine are very efficacious. No woman who has ever used medicated douches will fail to appreciate the clean and healthy condition Paxtine produces and the prompt relief from soreness and discomfort which follows its use. This is because Paxtine possesses superior cleansing, disinfecting and healing properties. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been relieved say it is "worth its weight in gold." At drug stores. 50c. large box or by mail. Sample free. The Paxton Toilet Co., Boston, Mass.

## FALL RIVER TRIP TO THE MAMMOTH CAVE

The Earlington Bee has made arrangements to take a party to the Mammoth Cave on Sept. 4th. This is the last trip the Steamer Evansville will make to the Mammoth Cave this year and everything possible will be done to make the trip an enjoyable one. The party will leave over the L. & N. on 52 Saturday, Sept. 4th, and take the steamer Evansville, at Evansville, leaving for the Cave at 5 o'clock. The cost of this trip, including railroad fare to Evansville and return, transferring baggage and dinner at Evansville, steamboat fare Evansville to Mammoth Cave and return, meals and berth on the steamer, board at Mammoth Cave hotel and Rontes (1) and (2) in the cave and cost of cave suits will be \$20.00. Anyone who is willing to put in a few days work may secure the trip on the following basis.

Forty subscribers will entitle you to one trip.

Twenty subscribers and \$10.00 will entitle you to a trip.

Ten subscribers and \$15.00 will entitle you to a trip, and so on.

In case a party secures any number of subscribers and does not wish to take the trip, they will be paid in cash as follows: 25 cents on each new subscriber, and 10 cents on each renewal. This subscription getting contest is open to any one in Hopkins county, male or female, married or single. The contest begins with this issue of the paper and will close Saturday morning September 4th at nine o'clock. We have conducted quite a number of these Mammoth Cave trips, and each one has been a success. The scenery on upper Green river is unsurpassed, the cave is the largest and most wonderful in the world and every person in Kentucky should make this trip

and visit the Mammoth Cave. If you wish to enter this contest, send in your name with one years subscription then get busy with your friends. The Womans World and the Semi-Weekly Bee both one year for \$1.00. This is a contest where you get pay for everything you do and there is no chance to lose. We have the names of fifteen who will make the trip regardless of the number of subscribers they secure, so there will likely be a large party on this trip.

## The September American Magazine

In the September American Magazine Stanley Johnson votes the first of a series of articles entitled "Youth Leads the Way," which is to show how boys and girls, from ten to eighteen years of age, are adding untold sums to the wealth of the country. These boys and girls, under the direction of the December of Agriculture, are taking hold of farming in various states and showing their elder how more can be got out of the land. Last fall in Ohio, alone, 1200 boys added \$20,000,000 to the wealth of the state.

In the same issue, Jerome D. Travers, present open golf champion of America and four times amateur champion of the United States writes a wonderfully interesting article entitled, "Golf Nerve Under Fire." He tells many stories of great players who have won or lost matches in tight pinches. The total effect of the article is to cheer up the "duffer" because star players, as well as the poor players, are shown to have bad days. Harry B. Smith, who has written the dialogue and lyrics of one hundred and thirty musical comedies, involving between three and four thousand songs, contributes a highly entertaining article entitled, "Some Inside Information About the Musical Play." Ida M. Tarbell writes another article in her business series entitled "The Golden Rule in Business," in which she shows the important part that athletic play in industrial life to-day.

Fiction is contributed by Susan Glaspell, Philip Oatlie, Walter Prichard Eaton, John A. Morefo, Ellis Parker Busler and David Grayson.

The two departments, "Interest- ing People" and "The Family's Money," are full good reading and practical suggestions. The prize winning letters in the contest entitled, "The Thing I Am Proudest Of" and James Montgomery Flagg's amusing piece in words and pictures entitled, "A Marriage Vacation," complete a lively and attractive number.

## Camper's Filter Pump Purifies River Water

By the invention of a filter pump one of the most serious inconveniences encountered by motorists and sportsmen, that of obtaining pure drinking water in sparsely settled districts during hot weather, is obviated materially, says the September Popular Mechanics Magazine, in an illustrated article. With this device clear water may be drawn from any lake or running stream and used with greater safety than can that taken in the usual manner.

The pump is made compactly and may be added to the equipment of a motor-car kitchenette cabinet or carried by a hunter in a haversack. The lower end of the intake pipe is covered with a fine-mesh strainer. The water is drawn through this by the upstroke of the piston and on the downstroke is forced into a chamber containing the filtering agent, which consists of infusorial earth mixed with a binding material. From this cylinder it is discharged through a nozzle. Fixed to the device is a supporting leg which, when set on the bank of a stream, allows the operator to stand nearly erect while drawing water.

# 5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. HODGSON, Me.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HATWARD SOWERS, Hodgson, Me.
2. SHELBYVILLE, Ky.—"I suffered from a severe female trouble. My right side hurt me badly—it was finally decided that I must be operated upon. When my husband learned this he got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and after taking it a few days I got better and continued to improve until I am now well."—Mrs. MOLLIE SMITH, R.F.D., Shelbyville, Ky.
3. HANOVER, Pa.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILZ, 303 Walnut St., Hanover, Pa.
4. DECATUR, Ill.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2437 East William Street, Decatur, Ill.
5. CLEVELAND, Ohio.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRITTELL, 1633 Constant St., Cleveland, O.

## Are You Puzzled About Where to Spend Your Vacation

Then Let Us Help You to Decide

THE best trip for the least money is what we are looking for this year. Times are hard and money scarce, consequently we cannot afford an extensive and expensive vacation trip.

## Beautiful Green River to Mammoth Cave

There is no cheap trip to compare with the Green River trip to the Mammoth Cave. One gets the benefit of the cooling river breeze and the 500 miles of travel free from smoke, dust and cinders. The scenery on upper Green River from Woodbury to the Cave is equal to any in the country. Great rocks as large as an ordinary building are piled on top of each other in wild beauty and at times rise to a dizzy height from the river bank. The novelty of going through the six locks is quite a feature of this trip and the ever changing scenery of towering rocks and wooded hills with a background of blue sky and fleecy clouds are fit subjects for the painter's brush. The Bee's party will leave Earlington on train 52 Saturday, Sept. 4th, and and take the Steamer Evansville, which goes direct to the Mammoth Cave, reaching there Monday morning for breakfast. We will spend one day and night at the Cave Hotel, taking routes one and two and return to Evansville in time to make connection with train 51 Wednesday, Sept. 8. The cost of the entire trip including all expenses from the time we leave Earlington until the return will be \$20.00 Children under 12 years old half fare. Your baggage will be looked after, your car fare paid and dinner furnished in Evansville, your rooms engaged on the steamer and at Cave Hotel and you will have nothing to do but have a good time. Any one wishing to join the party will notify this office or call 61 Madisonville
